DIVISION OF
OIL, GAS & MINING

**RE: RE-IMPLEMENTATION OF TEST PLOTS IN ACCORDANCE
WITH OUR PERMIT NO. M/045/003**

Dear Mr. Hedberg:

In accordance with our phone conversation of December 9, this letter is a formal request to re-implement the test plots at our Utah Quarry in October or early November, 1989 instead of March or April, 1989.

This request is being made based on conversations with and quotations received from various contractors who recommend that only fall or winter implementation be considered. This again is based on their experience in revegetating areas with similar weather conditions.

I am also requesting the D.O.G.M. to consider this information proprietary and not to be used or distributed without our written consent by other operating companies within the local area.

If the above proposal is agreeable to your Division, please let me know in writing so I can formalize arrangements with our contractor.

Thank you for your cooperation.

Sincerely,

MARBLEHEAD LIME COMPANY

Philip N. Raines
